Officers and Brothers,

I have come to the end of my tenure as Department Commander. It has been a privilege and honor to serve in this capacity. And although I could not devote as much time as I wished to the position, it has been a very fulfilling experience.

The work of this Department is done by its Officers. To that end, I have quite ably served. I wish to acknowledge their dedication to our causes and offer my sincere thanks for all of their efforts. They are, true gentlemen and Brothers.

In conclusion, I wish to thank all the Brothers of this great Department.

Yours in F., C., & L.,

April 20, 2002

Greetings fellow Department of Michigan Officers and Brothers:

The existence of our Order is based primarily upon hereditary and/or patriotic membership. Our success though, in accomplishing our goals and purposes, hinges directly on that membership's active participation. I believe we sometimes view our participation much like we would a hobby, taking part when time or interest suits us. But in reality, I firmly believe we must look at our Order much in the same way one would look at a business. Not your ordinary business, where success is measured in dollars, but the business of generating interest in membership within our Order. This can be achieved by presenting ourselves in the best light.

Any business that wishes to grow must get the word out or advertise about who they are, what they do, and how others can become part of the team. We must do the following:

1. Make full use of all media sources available throughout your community – much of it is free
2. Utilize the Department website for upcoming events – not your regular meetings, that information is on the Camp page – but ceremonies, headstone or memorial rededications, etc.
3. Communicate with the Department and other Camps – we are Brothers and should be dedicated, not only to our own Camp but helping others in any way we can
4. Be sure that the Department/Camp officer who is listed as a contact, is the correct one and that he actually follows through when an inquiry is made
5. Take advantage of the “free” space available at local libraries and museums for displaying brochures/flyers on our Order
6. Keep an open line of communication with local genealogical, historical societies and veterans groups

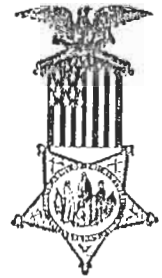

It was my pleasure to serve as Department Senior Vice and I appreciate the assistance and support of you as my Brother. The highlight of this year was filling in for Commander Hayes at the National Encampment.

Respectfully submitted in F, C, and L,

TO: RICHARD F. LEE, SECRETARY, DEPT OF MICHIGAN
FROM: NEAL F. BREAUUGH, PATRIOTIC INSTRUCTOR
DATE: APRIL 3, 2002
RE: PATRIOTIC INSTRUCTOR'S 2001/2002 FINAL REPORT
AN UPDATE FROM THE FEBRUARY 20TH REPORT

On September 25, 2001, I mailed 24 letters to Camp Patriotic Instructors or Camp Commanders. **(SEE ATTACHED SAMPLE OF THIS LETTER)**. The 24 Camps came from a list provided to me by Department Secretary Richard Lee on August 30, 2001. I did not send letters to Major Robert Anderson Camp 139 or Russell A. Alger Camp 462 as they were not on the list provided.

As of this date, I have received written reports from four Camps:

- Robert Finch Camp 14 (report contained in letter)
- Nash-Hodges Camp 43
- U.S. Grant Camp 101
- Gilluly-Kingsley Camp 120

All of the reports were very complete and thorough and are attached.

In addition, I have completed a report of Camp Reports that have been published in the Messenger this year: (JULY 2001, OCTOBER 2001, AND JANUARY 2002) All of these Camp Reports contain Patriotic Activities by our Department Camps this year.

FOUR Camps have had Camp Reports in all four issues.

- General John A. Logan Camp 1
- Austin Blair Camp 7
- Robert Finch Camp 14
- Russell A. Alger Camp 462 (by Bruce Butgereit, Coordinator)

Two Camps have had Camp Reports in three issues.

- CURTENIUS GUARD CAMP 17
- George W. Anderson Camp 58

Six Camps have had Camp Reports in two issue.

- Colegrove-Woodruff Camp 22
- George W. Lapoint Camp 76
- Major Robert Anderson Camp 139 (by Bruce Butgereit, DSVD)
- Carpenter-Welch Camp 180
- Albert & James Lyon Camp 266 (in JVC Parks' July Article)
- Sgt. John S. Cosby Camp 427

Two Camps had two Camp Reports in one issue

- General Benjamin Pritchard Camp 20
- Governor Carpo Camp 145

PAGE 2

THUS, 14 CAMPS HAVE HAD A LEAST ONE ARTICLE IN THE MESSENGER DEALING WITH PATRIOTIC ACTIVITIES AND 3 OTHER CAMPS SENT SENT A WRITTEN REPORT TO ME AS REQUESTED.

PATRIOTIC INSTRUCTOR 2001-2002 REPORT CONTINUED

We have heard nothing from the following nine Camps:

Henry Plant Camp 3	Fruitport
George W. Howe Camp 9	Port Huron
Alexander French Camp 28	Big Rapids
General Phil Kearny Camp 67	Bay City
Frederick H Hackerman Camp 85	Bridgemore
Henry W. Quigley Camp 147	Cadillac
Henry F. Wallace Camp 160	Corunna/Owosso
Wa-Bu-No Camp 250	Mt. Pleasant
Archibald Stewart Camp 259	Litchfield

I feel very optimistic that the above nine Camps are also doing a good job and involved with a variety of Patriotic Activities; however **I would recommend that at least one of next year's officers (Commander, Senior Vice Commander, Junior Vice Commander or the Patriotic Instructor try to attend one of these Camp's Meeting to offer help if needed and to encourage them to submit some Camp Reports for the Messenger.**

Finally, based on the attached reports and the 28 Camp reports that appeared in the first three issues of the Messenger, I believe I can report with confidence that the Michigan Department is very much involved in a variety of exciting and educational patriotic activities.

Historian's Report

Department Encampment
Lansing, Michigan

April 20, 2002

The job description for Historians, both on the Department level and on the Camp level, states: "The purpose of the office of Historian is to collect and preserve all historical and biographical material pertaining to the Civil War, to members of the Grand Army of the Republic, and to members of the Order." Accordingly, the Department Historian this year solicited and collected a variety of materials such as department orders, printed programs, photographs, booklets, newspaper articles, letters, and a video. The paper items were put in archival sheet protectors, sorted, and put in 3-ring binders which in turn were indexed and labeled. Six volumes resulted.

Volume I and part of Volume II contain many Department Orders from the Michigan Department, SUVCW, from 1938 to 1992. Among the other items in Volume II are materials about the re-interment of Pvt. Daniel W. Pine on May 12, 2001: brochures, newspaper articles, ceremony programs, and photographs. They are supplemented by a video.

Volumes III, IV, and V consist of "The LaBanta Papers." They are an assortment of papers accumulated by Brother Thayne LaBanta, Past Department Commander and a "true son," and by Sister Louise LaBanta, Past Department President of the Auxiliary to Sons of Union Veterans of the Civil War. Volume III contains program booklets, badges, and a memorial service program for the 97th National Encampment held in 1978 at Grand Rapids, Michigan. Its other contents include several copies of "The Banner" from 1972 to 1998.

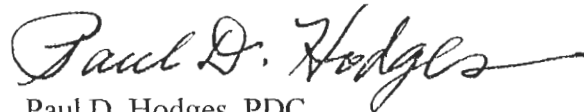

Volume IV has program booklets for Annual Conventions of the Allied Orders of the Grand Army of the Republic in Michigan for 1957 and 1969 to 1982. This volume also contains miscellaneous papers related to the Department of Michigan, SUVCW, such as letters and newspaper articles. Volume V has similar items for the Michigan organizations of the Auxiliary to the SUVCW, the Daughters of Union Veterans, the Ladies of the Grand Army of the Republic, and the Woman's Relief Corps. In addition, there is an 1897 Quartermaster - Sergeant's Quarterly Report Book of Camp 19, Division of Michigan, Sons of Veterans. Personal letters and papers from Sister LaBanta's activities are kept separate, in a manila envelope for storage, rather than in a binder.

Brother Bruce Butgereit, SVC, and Sister Marcia Bruin of the Women's Relief Corps assembled Volume VI which pertains to General John A. Logan Camp No. 1. The book contains materials from a very busy schedule of events. Among them are meeting agendas and minutes, Patriotic Instructor's reports, and printed programs and newspaper accounts of Weekends of Remembrance. There are materials from special ceremonies and monument rededications as well as copies of Certificates of Appreciation presented.

Sincere thanks to the Brothers and Sisters who contributed to this History Collection 2002. They are (in alphabetical order) Marcia Bruin, Bruce Butgereit, Charles Harthy, Bill Lowe, James Lyons, William McAfee, and Lucille "Peaches" Streeter, in addition to the Historian. Thanks, too, to the Department administration for encouraging the endeavors of this office.

Re: Dept. of Michigan, Camp-at-Large

Sir:

The Camp-at-Large, the Russell A. Alger Camp 462 has served the Department well in providing a base from which to create other Camps. When I took over the assignment in 2001, we had eighteen members in the Camp and today we have eleven. At first glance, it might cause some concern as to why, but when you understand that the Major Robert Anderson Camp 139 in Alpena was started with seven Brothers from Camp 462 and the General Israel B. Richardson Camp 2 just had its first meeting with four more transfers from the Camp, it's not bad at all.

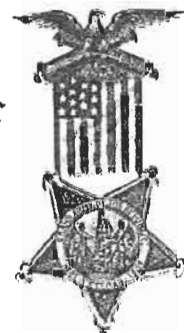

The Camp files will be transferred to Brother Kevin Lindsey, a former member of the Camp, at the conclusion of today's assembly. I am sure that Brother Lindsey will serve the Department well.

Department Newsletter Editor's Report for the year 2001/2002

All four quarterly issues of Michigan's Messenger were published and mailed on or before the scheduled mailing dates. Each issue averaged 20 pages and over 550 copies were mailed to our members each quarter. Department Officers reports kept our members well informed of what was happening within the Department of Michigan. Camps also, for the most part, kept the membership informed of what was going on in their locales through their Camp News reports.

I am happy to report that for the coming year, Brother Roger Heiple will keep our membership entertained with a series of articles on Civil War Veterans' communities that were created in the south and California around the turn of the century. The article in the April 2002 issue of Michigan's Messenger, "The search for the Union Civil War Colonies," is the first in the series.

G.A.R. RECORDS COMMITTEE

April 20, 2002

To: Gregory Hayes
Department Commander

Subject: Annual Report

The fifth year of operation for this committee has been productive in a number of ways. We continue to gain information on the location of Post records in a variety of places. We have had the opportunity to speak to several Genealogical and Historical Societies concerning our objectives and how the records we seek may be useful in the work that they perform.

Two weeks ago I traveled to Coloma to meet with Daundra Baker, a former member of the Ladies of the GAR. She contacted Rick Danes concerning some burial records and other materials she wished to place in a safe location for preservation. Rick referred her to me and arrangements were made to pick up the files and records. Most were from the Metzger Circle 45, LGAR, of Niles and included applications, a minute book, financial information and some correspondence.

The "find" was the Descriptive Book of A. Anderson Post 157 of Cassopolis. The Post operated from 1883 to 1933. The State Archives Finding Aid lists this as a "Colored Post". A cursory look through the record indicates a number of men who served in the 102nd U.S. Colored Troops (1st Michigan Colored Troops), and several more like units, but that the membership was made up of veterans who served in a wide variety of units. Perhaps the most significant thing is that the name on the cover is Albert Anderson. We can now trace this individual and find out why the Post was named in his honor.

A presentation to the Western Michigan Genealogical Society produced a folder of information and correspondence between a local veteran and the Pension Bureau. Brother Bruce Butgereit picked up this material for the Committee. Several requests for research assistance were also generated.

Commander Hayes inquired, at the Mid-winter Conference, about how many research requests we deal with during the year. I had not been keeping a count, at that point, but since the Conference, there have been twenty-seven requests for research assistance.

Locating and researching surviving GAR Halls is a "side project" that just seems to have developed as we have moved along. A Soldiers and Sailors GAR Memorial Hall has been located in Vermontville. It wasn't really lost, we just did not know it was there. It is now the meeting place of the local American Legion Post. A presentation will be provided in the next issue of MICHIGAN'S MESSENGER.

An update on the Hall in Dimondale, which served as the Township Hall since the early 1940s, shows that the building has been sold. The new owner is James Perkins, of Lansing. He has taught architecture and historic preservation at Lansing Community College for twenty-eight years. He is restoring the building, has replaced all the windows and doors, in an effort to bring back the original "storefront" appearance. He plans to sell or lease the building for business purposes to someone who will agree to maintain the historic appearance of the building. He has a record of restoring and preserving several buildings in Lansing.

The G.A.R. Records Project portion of the Special Projects section on the Department web site has been revised and updated. The page now includes the annotated Post listing from the National site, a listing of Department Commanders and a listing of Encampment sites, Presiding Officers, and Membership and Post counts for each year. Two rather intense periods of research, over several months, provided six pages of notes for the G.A.R. Post list concerning multiple use of the same number, name changes, dates of

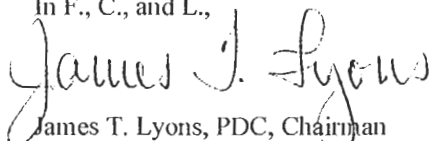

operation and background information on the person for whom Posts were named. Corrections were also made to name spelling and, in a few instances, clarifying the correct name for the Post as used by the membership in reports, letterhead and other records.

Work continues on the G.A.R. membership data base project. There are now nearly 11,000 records included and we are working on Post 38 at present. We have now recorded 2047 annual Post officer rosters. Two new tables were added to the database this year. One is a listing of the 27 Posts in existence in 1869. The other is a listing of 202 officers of these Posts and the Department officers of 1869. The information came from a small book published by Comrade I. M. Cravath in Lansing in 1869. This appears to be the only surviving information from the operation of the Michigan Department from 1867 to 1872. The Department was dropped in 1873 and reorganized in 1879. Work is under way to cross-reference the two lists to determine how many of these men returned to the Department ranks after the 1879 reorganization. We will continue to research the military service records for the men in this group.

Although a number of people have promised to send copies of records found, this has not materialized. We hope to be able, during this next year to follow-up with these individuals or get out and do the copy work ourselves. It is hoped that the Department can make funds available to cover the cost of supplies for this part of the project.

It is a challenge to pursue this effort, but one with many new twists and turns and interesting things to be found. I am thankful for the opportunity to work on this important project and hope to be able to continue until its completion.

SONS OF UNION VETERANS OF THE CIVIL WAR

2002 GRAVES REGISTRATION COMMITTEE ANNUAL REPORT

BACKGROUND

The past year has contained many opportunities and disappointments for us not only as an organization, but as a society and as persons. Although events such as the tragedy of September 11 will be with us forever, the death of loved ones, and the current economic downturn will soon be tempered by our everyday tasks. Many of our other daily trials don't seem as important as they once did.

We still pursue the task that started 133 years ago when Comrade Cravath first laid pen to paper and recorded the resting place of some of our ancestors who supported the Union during the 1861-1865 Rebellion and, as in past years, the work seems endless. Why do I say this? Because in spite of the extraordinary effort that continues by a few, we still are seeing only 50% participation at quarterly meetings, 20% of our existing Camps have no Graves program, and only eleven counties out of 83 have been completed and submitted.

YEAR 2001-2002 SUCCESSES

During this past year many successes have been realized as a result of an active committee who were not afraid to step out of the box and address the issues that stood in the way of a successful program. Many conversations have been held, issues brought forward, and the lines of communication that had previously been closed were kept open by the dedicated Committee.

Committee meetings were held in January, September and in December, and were attended by approximately 50% of the Camps. The issues that were addressed and resolved were:

1. The structure and intent of the Graves Officer's Handbook were utilized and finalized. Updated sections that more closely reflect how the Committee really works will soon be distributed to the local Camp Graves Officers for review.
2. The format and content of the Department database was reviewed, changed as recommended, and changes made. Several Camps now communicate new and amended registrations by email to the Department Officer.

3. A policy that outlines what information will appear on the Department website has been agreed upon by the Committee. That database will be ready to initiate as soon as all Camps have a designated Graves Officer.

Outside of the committee, the review and registration of existing lists of Michigan Soldiers buried at National Cemeteries continues. As the Committee decided, the burial place of any Michigan soldier will be documented in the Department record, as well as all Civil War Soldier buried in Michigan. We also record the resting places of veterans of all Wars Prior to World War I.

Queries are handled efficiently and professionally by the person to whom they are addressed, regardless of geography or position. In the future, these requests for information will be routed to the Camp designee.

The Department officer has been asked by the National officer to reconcile the 36,498 National records with the 31,048 Department records. This means that a record-by-record comparison to eliminate incomplete and duplicate records from the National file is in progress, and is 75% complete.

Several Camps have committed to completing the verification of previously un-submitted registrations, and forward them to the Department GRO as soon as possible. Our hope is that with a new roster of Camp Commanders and GROs in Camps that previously did not participate, we can expand the program into all parts of the state.

An agenda of quarterly meetings was set for the year 2002.

FUTURE PLANS AND CHALLENGES

Some Facts: currently we have 26 Camps in the Department, who are responsible for the survey of 3836 cemeteries in 83 counties.

Out of these 25 Camps, 6 have no program and 13 have not submitted any new graves information in a year, leaving 7 Camps who are working on 83 counties.

Of those, 11 counties have been completely surveyed and submitted.

Several counties have been almost "single-handedly" surveyed and submitted by individuals or families in the name of the Order.

Along with the issue of record collection and retention comes the problem of viable graves programs and a contact for each Camp. Each Camp does not have a GRO.

Four Camps (1, 7, and 147, and 427) are working on Counties outside their jurisdiction.

Our plan and challenge for the next year, somewhat redundant to last year, is to get all records held by "completely surveyed" counties submitted, to complete the partially completed counties, and to encourage the appointment of GROs and participation by all Camps.

Since the adoption of a National By-Law that would require each Department to have a Graves Officer, a comparable request will be made of the Department to follow suit.

The participation and contact person is the linchpin that will allow us to publish our database on our Department Website.

When we get that accomplished, we can prepare a tentative plan and schedule for the completion of the remaining 2752 cemeteries in the state.

We would also favor the creation of a video or CD-based training resource that would be distributed to all Camps as part of their program, and would include subjects such as procedures, resources, research techniques, recognition of GAR holdings and ordinance, etc. in a visual format. The resources needed to produce that resource could be defined by the Committee.

CONCLUSION

The Department of Michigan continues to be recognized as the national leader in Graves Registrations. With over 36,000 National registrations, the foreseeable trend would indicate that we could register 10,000 to 15,000 new graves every year for the next seven to ten years if our leaders and membership continue to support the program. We have enough Committee members that are willing to spend time on the Camp level to show a novice the ropes. Many of the experienced researchers comes early and then attend our Committee meetings. There is no reason that the Graves Program cannot continue to provide focus to an already great SUVVCW agenda.....please support us as you can!
